Building on SAMN 2025

SAMN 2025, "Unleashing the Power Within," surfaced strong demand across chapters for deeper spiritual grounding, practical economic empowerment, stronger leadership pathways, closer cross-border sisterhood, and greater community impact on health and protection issues. These priorities are consolidated into five strategic themes and a four-day programme built on a Learn – Connect – Build – Lead – Impact model.

Five Strategic Conference Themes

1	**Strengthening the Muslimah** Faith, identity and spiritual growth: Sirāt al-Mustaqīm, Qur'an and Sunnah, Islamic values, strengthening Iman, supporting new Muslimahs, balancing Dunya and Akhirah.
2	**Building the Muslimah** Entrepreneurship, financial literacy and economic independence: small business, income-generating skills, investment, the SAMN Marketplace.
3	**Leading the Muslimah** Leadership, communication, mentorship and community development: conflict resolution, mentoring, personal branding, advocacy.
4	**Connecting the Muslimah** Sisterhood, unity and cross-border networking: country presentations, cultural evening, sisterhood circles, strengthening chapters.
5	**Impacting the Community** Advocacy, health, protection and youth: Women, Peace and Security; GBV prevention; mental health; healthy marriages; HIV and preventive health.
